

# MUNICIPAL TAX ACCOUNT 2020

Dear residents,

Over the past few years, we have been able to manage the town's budget without raising taxes. In 2019, we reduced tax rates to mitigate the effect of the new property assessment rates on your tax account. This situation was certainly enviable, but could not last forever. In 2020, in order to be able to deal with the steady increase in contributions and the cost of infrastructure maintenance, among other things, and to make it possible to proceed with major projects that will have a positive impact on all residents of Notre-Dame-de-l'Île-Perrot, Council determined that a tax increase was necessary.

For an average home valued at \$365,000, the increased tax rate will result in an increase in taxes of \$186 in 2020, including the fee increase for wastewater treatment.

Despite this increase, the residents of Notre-Dame-de-l'Île-Perrot continue to benefit from the lowest tax rate among towns on Île-Perrot and among the lowest tax rates in Vaudreuil-Soulanges. We recognize the impact of the increase on each household and will work hard to minimize the financial impact of the ongoing major infrastructure projects.

The budget preparation exercise shows that the city's finances are sound. However, some financial flexibility had become necessary to allow the city to maintain the quality of its infrastructure and to carry out critical projects for the citizens of NDIP.

Your mayor **Danie Deschênes**
